The Alzheimer's Association leads the way to end Alzheimer's and all other dementia — by accelerating global research, driving risk reduction and early detection, and maximizing quality care and support.

The Alzheimer's Association will engage with state officials on issues impacting individuals with Alzheimer's disease and other forms of dementia and their caregivers. The Association will advocate for increased funding for research, the State Budget including funding for the Alzheimer's and Family Caregiver Support Program, legislation assisting caregivers to receive the support and resources needed, and legislation eliminating the exploitation of vulnerable senior populations. The Association will also work to promote educational opportunities for family and professional caregivers, promote long-term care options, and engage on legislation and administrative rules impacting rural health initiatives, transportation, Medicaid and Medicaid reimbursement rates, insurance, transportation, and other issue areas impacting individuals with Alzheimer's or other forms of dementia and their caregivers.

We serve over 134,000 youth at 158 sites in 57 cities across Wisconsin, more than any organization outside of our public school system. With two thirds of our kids living outside of Madison and Milwaukee, we support programs and funding that allow all of Wisconsin Clubs to continue to offer unique programs that promote the positive development of young people.

We focus on programs that result in measurable outcomes for youth in academic achievement, career skill building, positive mental health, juvenile crime reduction, prevention of opioid abuse, and constructive civic engagement. We support and track legislation and budget matters that impact school age youth statewide, including stimulus funding, child care licensing, and after school program funding.

www.commongroundhealthcare.org

Common Ground Healthcare Cooperative is a non-profit health insurance cooperative and a federally designated Consumer Operated and Oriented Plan (CO-OP) under federal law. Our cooperative was created to serve and advocate for the health insurance and health care needs of individuals and small employers living and working in the state of Wisconsin.

Common Ground Healthcare Cooperative advocates for policy changes we believe will have an impact on the cost, quality or accessibility of health insurance coverage or health care in Wisconsin. We represent insurance consumers, not the insurance industry, in our work with lawmakers. We will work to provide information on matters that impact the cost of medical care, the cost of pharmaceuticals and the insurance market in general but particularly the individual insurance market. We believe that consumers should have access to quality care, comprehensive coverage and clear and honest information that allows them to make informed choices about their health.

**Union Pacific Railroad Company**

WWW.UPRR.COM

Railroad transportation.

UP is a freight railroad. We will be attempting to influence legislation and state rules that relate to any regulation of our operating practices or the goods we transport. Since our physical plant (tracks and auxiliary facilities) extend across the state, we have the same concerns that other industry has about property law, environmental impacts and the like, as well as how our property and operation is taxed. We are also concerned about laws that affect our employees and liability law with regard to our operations in the state.

Association of Rental housing owners

We work to influence fair laws for owners of rental property, Self-Storage unit rental owners, mobile home site rental owners, and other similar type rental situations. By fair laws we are concerned with laws that do not overly burden owners of such rental properties with unnecessary or one sided laws to give either owners or our customers (our tenants) unfair advantages. We know that unreasonable laws raise the cost of doing business for rental property owners and thus raise rents for our customers as in any business.

Wisconsin Housing Alliance

Wisconsin Restaurant Association (WRA) is a not-for-profit trade association dedicated to the success of the foodservice and hospitality industry.

The WRA provides representation for the hospitality industry to create a favorable political and regulatory environment at all levels of government. The WRA represents over 7,000 locations. WRA members include all types of restaurants, from seasonal drive-ins, supper clubs, bars, diners and locally owned franchisees to corporate dining and hotels/resorts. Over 70 percent of WRA members are independent restaurants with alcohol licenses.

The Wisconsin Restaurant Association will work to insure that no new taxes on small businesses are created and maintain equal property tax relief for businesses. WRA will work to maintain the September 1 school start law and an increase in the state budget for tourism promotion. WRA is keenly interested in all alcohol laws and their impact on the ever changing restaurant industry. WRA will work to limit new mandates on employers in the area of employee benefits or health insurance and finding a viable solution for more small businesses to offer affordable health insurance to their employees. WRA is interested in workplace issues such as minimum wage, workers' compensation, unemployment compensation, and teen labor laws. WRA will work to protect the integrity of the restaurant industry by working for necessary and equitable regulations associated with food safety, food delivery and energy access.

**Wisconsin Trust Account Foundation, Inc.**

wistaf.org

WisTAF partners with and receives support from members of Wisconsin's legal profession and banking industry (via the Interest on Lawyers Trust Accounts (IOLTA) program and Public Interest Legal Services Fund (PILSF)). WisTAF makes grants to nonprofit law firms and, on occasion, other social service agencies whose missions include increasing access to the civil justice system for low income Wisconsinites. WisTAF is governed by a 15-member board of directors appointed by the Chief Justice of the Wisconsin Supreme Court and/or State Bar of Wisconsin president (3 judges, 9 lawyers, 3 nonlawyers). (WisTAF also receives and administers public funding to support its mission.)

We anticipate educating policymakers on the need for civil legal aid in Wisconsin and requesting appropriate State investment in such services via the biennial budget process.
